Professional Summary

Passionate and detail-oriented Full Stack Developer and CSIT student with strong fundamentals in modern web development and software engineering. Experienced in building responsive, scalable, and user-focused web applications using React.js, Tailwind CSS, JavaScript, TypeScript, Node.js, and MongoDB. Strong interest in frontend engineering, backend development, clean UI architecture, API integration, and problem solving.

Technical Skills

Category	Skills
Languages	JavaScript, TypeScript, C++, HTML5, CSS3
Frontend	React.js, Tailwind CSS, Framer Motion, Responsive Design
Backend	Node.js, Express.js, MongoDB, REST APIs
Tools	Git, GitHub, VS Code, Postman, Vercel, Netlify
Core CS	DSA, OOPs, DBMS Basics, Operating Systems Basics

Projects

MacOS-Inspired Developer Portfolio

Tech Stack: React.js, Tailwind CSS, Framer Motion

- Developed a modern MacOS-inspired portfolio website with interactive UI and smooth animations.
- Built reusable React components and responsive layouts optimized for desktop and mobile devices.
- Integrated dynamic GitHub sections and markdown-based notes system.

Spotify Clone Web Application

Tech Stack: React.js, JavaScript, CSS

- Built a responsive music streaming interface inspired by Spotify.
- Designed reusable frontend components and interactive layouts.

Weather Application

Tech Stack: React.js, Tailwind CSS, REST API

- Developed a real-time weather application using external APIs.
- Implemented dynamic search and asynchronous data handling in React.

Education

IPS IES Academy

Bachelor of Technology / CSIT

2024 – Present

CGPA: 9.12

Achievements & Activities

- Actively building full stack development projects using modern technologies.
- Consistently improving Data Structures & Algorithms problem-solving skills.
- Exploring scalable frontend architecture and backend engineering concepts.
- Maintaining strong academic performance with a CGPA of 9.12.

Languages

English, Hindi
